EXECUTIVE SUMMARY

Slowing market

Big 4 top \$11 billion in annual sales

Bulk of the market in delivery/carryout

Convenience and value key drivers

Some demographic groups more frequent consumers than others

Adult penetration up, teen penetration down

Independents and small chains growing faster than large chains

Heightened competition from fast food

Clear-branding leads to market gains

Chains offer diet-friendly pizza

Cross-promotion with home entertainment

Uncertain future

MARKET DRIVERS

Age and presence of children

Consumption of pizza by age among adults

Figure 1: Pizza restaurant visits, by age of head of household, January-September 2003

Consumption of pizza by teens and children
