### **INTRODUCTION AND ABBREVIATIONS**

*Introduction*

*Other relevant reports*

*Definition*

*Abbreviations & Terms*

Abbreviations

Terms

### **EXECUTIVE SUMMARY**

*Low calorie sweeteners show explosive growth*

*Functional ingredients break out*

*Vitamins and minerals and herbs slow down*

*Global competition heats up*

*Marketing is beginning to target consumers*

*Consumers are proactive about their ingredient choices*

*General vs. specific health reasons for reading nutrition labels*

*Trends in low-calorie sweetener use*

### **MARKET DRIVERS**

*Incidence of obesity*

Figure 1: Incidence of overweight and obese Americans aged 18 and older, 1994-2002

Figure 2: Prevalence of obesity among U.S. adults, by key demographics, 1991, 1995 and 2000

*Low carb: More than a fad*

Figure 3: Attitudes toward diets and nutrition, February 2004

Figure 4: Incidence of being overweight, 6-19 year olds, 1976-2000

Figure 5: Buying of low-cal/diet products, selected categories, by households with obesity and all other households, 2003

*General vs. specific health concerns*

*Ingredient breakthroughs*

### **MARKET SIZE & TRENDS**

Figure 6: Total North American wholesale sales of selected food ingredients, 1998 and 2003

### **MARKET SEGMENTATION**

Figure 7: Numbers of new products, segmented by selected types of ingredients\*, 2002-2004

### **LOW-CALORIE SWEETENERS**

*Launches of low-calorie sweeteners by type*

Figure 8: Launches of products with low-calorie sweeteners, by sweetener type, 1999-2004

*Launches of low-calorie sweeteners by category*

Figure 9: Launches of products with low-calorie sweeteners, by category, 1999-2004

*Launches of each low-calorie sweetener by category*

Sucralose

Figure 10: Launches of products containing sucralose, by category, 1999-2004

Splenda brand

Figure 11: Launches of products containing Splenda, by category, 1999-2004

Sorbitol

Figure 12: Launches of products containing sorbitol, by category, 1999-2004

Maltitol

Figure 13: Launches of products containing maltitol, by category, 1999-2004

Acesulfame potassium (ace-K)

Figure 14: Launches of products containing acesulfame potassium (ace-K), by category, 1999-2004

Aspartame

Figure 15: Launches of products containing aspartame, by category, 1999-2004

Lactitol

Figure 16: Launches of products containing lactitol, by category, 1999-2004

Erythritol

Figure 17: Launches of products containing erythritol, by category, 1999-2004

Isomalt

Figure 18: Launches of products containing isomalt, by category, 1999-2004

Xylitol

Figure 19: Launches of products containing xylitol, by category, 1999-2004

Mannitol

Figure 20: Launches of products containing mannitol, by category, 1999-2004

Stevia

Figure 21: Launches of products containing stevia, by category, 1999-2004

*Frequency of low-calorie sweetener launches in key categories*

Confectionery

Figure 22: Launches of products with low-calorie sweeteners in the confectionery category, 1999-2004

Snacks

Figure 23: Launches of products with low-calorie sweeteners in the snacks category, 1999-2004

Beverages

Figure 24: Launches of products with low-calorie sweeteners in the beverage category, 1999-2004

Desserts & Ice Cream

Figure 25: Launches of products with low-calorie sweeteners in the desserts & ice cream category, 1999-2004

## **VITAMINS AND MINERALS**

### *Methodology*

Figure 26: Launches of products fortified with vitamins & minerals, by ingredient type, 2000-2004

Figure 27: Launches of products fortified with vitamins & minerals, by category, 2000-2004

### *Launches of each vitamin and mineral*

Vitamin C

Figure 28: Launches of products fortified with vitamin C, by category, 2000-2004

Calcium

Figure 29: Launches of products fortified with calcium, by category, 2000-2004

Vitamin A

Figure 30: Launches of products fortified with vitamin A, by category, 2000-2004

B vitamins

Figure 31: Launches of products fortified with B vitamins, by category, 2000-2004

Vitamin E

Figure 32: Launches of products fortified with vitamin E, by category, 2000-2004

Iron

Figure 33: Launches of products fortified with iron, by category, 2001-2004

Folic Acid

Figure 34: Launches of products fortified with folic acid, by category, 2000-2004

### *Frequency of vitamin and mineral launches in each category*

Beverages

Figure 35: Launches of products with vitamin and mineral fortification in the beverage category, 2000-2004

## **OTHER FUNCTIONAL INGREDIENTS**

Figure 36: Launches of products fortified with other functional ingredients, by ingredient type, 1999-2004

Figure 37: Launches of products fortified with other functional ingredients, by category, 1999-2004

### *Launches of the other functional ingredients*

Fiber

Figure 38: Launches of products with fiber, by category, 1999-2004

Omega 3

Figure 39: Launches of products with omega 3, by category, 1999-2004

Flaxseed

Figure 40: Launches of products with flaxseed, by category, 1999-2004

Pre- or Probiotics

Figure 41: Launches of products with pre- or probiotics, by category, 1999-2004

## **HERBAL INGREDIENTS**

Figure 42: Launches of products with herbal ingredients, by herbal type, 1999-2004

Figure 43: Launches of products with herbal ingredients, by category, 1999-2004

## **SUPPLY STRUCTURE**

### **FOREIGN TRADE**

Figure 44: Imports of selected ingredients, in the U.S., 2001-2004

Figure 45: origin of selected Imported ingredients in the U.S., 2003

## **COMPANIES AND BRANDS**

Figure 46: Leading manufacturer sales of companies active in the ingredients market, 2002 and 2004

*Cargill, Incorporated*

*BASF*

*Archer Daniels Midland*

*DSM N.V. (Roche Vitamins and Fine Chemicals)*

## **THE CONSUMER**

*Introduction*

*Influence of ingredients on buying decisions*

Figure 47: Label components influencing buying decision, October 2003 and November 2004

Figure 48: Label components influencing buying decision, by gender, October 2003 and November 2004

Figure 49: Label components influencing buying decision by age, October 2003 and November 2004

Figure 50: Label components influencing buying decision, by income, October 2003 and November 2004

Figure 51: Label components influencing buying decision, by race, October 2003 and November 2004

Figure 52: Label components influencing buying decision, by marital status, October 2003 and November 2004

Figure 53: Label components influencing buying decision, by the presence of children, November 2004

*General vs. specific health concerns as motivator*

Figure 54: Main reason for reading nutrition labels, October 2003 and November 2004

Figure 55: Main reason for reading nutrition labels, by age, October 2003 and November 2004

Base: 1,000 adults aged 18+ in 2003 and 2004

Figure 56: Main reason for reading nutrition labels, by household income, October 2003 and November 2004

Figure 57: Main reason for reading nutrition labels by the presence of children, November 2004

*Trends in low-calorie sweetener use*

Figure 58: Changes in low-calorie sweetener purchase behavior, October 2003 and November 2004

Figure 59: Changes in low-calorie sweetener purchase behavior, by age, October 2003 and November 2004

Figure 60: Changes in low-calorie sweetener purchase behavior, by household income, October 2003 and November 2004

Figure 61: Changes in low-calorie sweetener purchase behavior, by marital status, November 2004

### **General attitudes toward vitamin and minerals**

Figure 62: General attitudes toward vitamins and minerals, November 2004

Figure 63: General attitudes toward vitamins and minerals, by gender, November 2004

Figure 64: General attitudes toward vitamins and minerals, by age, November 2004

Figure 65: General attitudes toward vitamins and minerals, by race, November 2004

Figure 66: General attitudes toward vitamins and minerals, by the presence of children and marital status, November 2004

### **Summary**

Influence of ingredients on buying decisions

General vs. specific health concerns as motivator

Trends in low-calorie sweetener use

General attitudes toward vitamins and minerals

### **FUTURE & FORECAST**

#### **FUTURE TRENDS**

*Health-consciousness has become a mindset*

*Ingredients are here to stay*

*Carbohydrates fight back*

*Childhood obesity concerns open opportunities*

*Qualified health claims in the future*

#### **MARKET FORECAST**

Figure 67: Forecast of North American wholesale sales of selected food ingredients, 1998, 2003, and 2008

### **APPENDIX: TRADE ASSOCIATIONS**

#### **APPENDIX: NEW PRODUCT BRIEFS**

##### **LOW-CALORIE SWEETENERS**

*Wells' Dairy: Blue Bunny Sweet Freedom*

*Coca-Cola: Diet Sprite*

*HealthySweet Inc.: Baking Sweetener Mix*

##### **VITAMINS AND MINERALS**

*Sara Lee Bakery: Earth Grains Extra Fiber Bread*

*Albertson's: Splash Blended Juice Beverage*

*Dean Foods: Land O Lakes 80 'N Sunny Low-Fat Milk and Fruit Juice Drink*

##### **OTHER FUNCTIONAL INGREDIENTS**

*Momo's Veggie Kitchen: Mo'Rainbow Veggie Fish*

*Trader Joe's: Spicy Soy & Flaxseed Tortilla Chips*

*Lifeway Foods: Lowfat Kefir Cultured Milk*

##### **HERBAL INGREDIENTS**

*Coca-Cola: Full Throttle Energy Drink*

*Anheuser Busch: B-to-the-E*
